## Launch - Overview - Add a Product

Upload your track directly from pc, dropbox or again out of your catalog.

Very important the wav needs the correct format for upload.

- WAVE Audio (WAV)
- 44.1 kHz
- 16 bit or 24 bit Stereo

**Launch - Overview - Add a Product**

Progress bar: 1. Add tracks (active), 2. Tracklist, 3. split, 4. Product info, 5. Cover upload, 6. Release date, 7. Summary

## Very Important:

Add the correct Metadata:

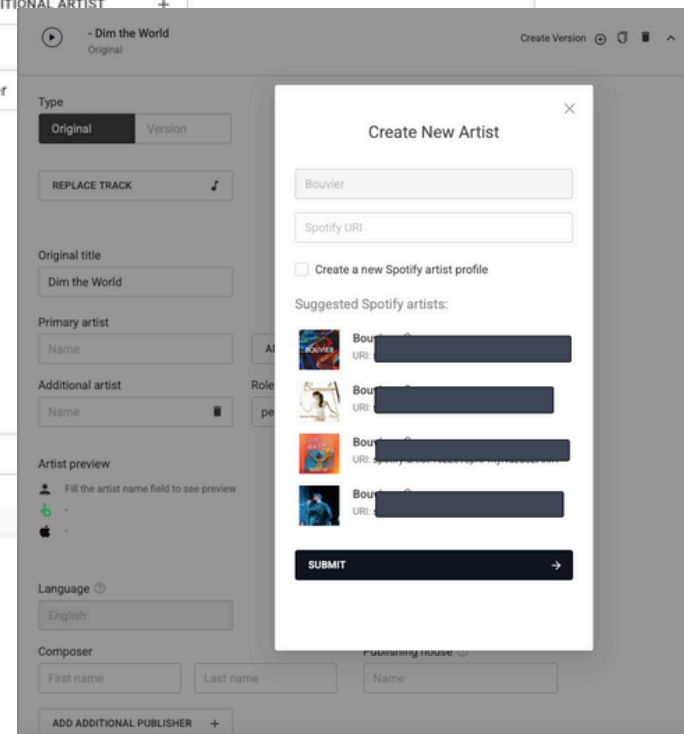

Fill in Title, Artist, all composer, if it's an original song or a remix.

All the stuff we need for an correct deliver to the stores.

Please search for the correct Artists Profile or create a new artist. All off your already released artists will be saved in our system.

The screenshot shows the 'Dim the World' track entry form. The 'Type' is set to 'Original'. The 'Original title' is 'Dim the World'. The 'Primary artist' is 'Bouvier', with a 'Create "Bouvier"' button and a note 'Artist not found'. The 'Role' is 'performer'. The 'Language' is 'English'. The 'Composer' fields are empty. There is a 'REPLACE TRACK' button and an 'ADD ADDITIONAL ARTIST' button.

The 'Create New Artist' modal form is shown. It has a 'Name' field with 'Bouvier' entered and a 'Spotify URI' field. There is a checkbox for 'Create a new Spotify artist profile'. Below, there are 'Suggested Spotify artists' with profile pictures and names. At the bottom is a 'SUBMIT' button.

If you can't provide an ISCR Code and Barcode (UPC), no problem our system add it automatically

Don't forget to set an Preview start time for your track.

This is important for several stores, like TikTok

## The Split Tool

Here you can set the correct split for

- Label / Artists Share
- Artists / Artists Share

It is not necessary, but if you want to use later the statement tool it will help a lot to set the correct split upfront.

The screenshot shows the 'split' tool interface in the NexaTunes application. At the top, there is a dark navigation bar with the NexaTunes logo and links for Home, Launch, Connect, Charts, Finance, Kompile, and Export. Below this, a progress bar indicates the current step in a 7-step process: 1. Add tracks, 2. Tracklist, 3. split (current step), 4. Product info, 5. Cover upload, 6. Release date, and 7. Summary. The 'split' step is highlighted with a green circle and a 'BETA' badge. Below the progress bar, the title 'split' is followed by a 'BETA' badge. A question 'Do you want to use split features? (Optional)' is displayed, with a toggle switch labeled 'ACTIVATE SPLIT' currently turned off. At the bottom right, there are two buttons: 'PREVIOUS' and 'GO NEXT'.

## Product Info:

Give your product an unique  
**Catalognumber.**

Under **Label** you can choose your  
already  
created Label or you build up another  
sublabel  
which belongs to you.
